

AP BIO Air Purifier

Deactivates viruses and bacteria | Fits rooms 0–200 m² | 4 sizes

Safer and better indoor air with AP BIO

AP BIO from FläktGroup is the only air purifier with the unique and certified AirFend™ technology that reduces airborne transmission of viruses and bacteria.

Unlike traditional air filtration devices, AP BIO traps **and deactivates** viruses and bacteria to ensure **safety for occupants** and for handling.

AP BIO is suitable for a wide range of applications, such as dentists, care and hospital rooms, schools, nurseries, offices, gyms and restaurants – up to 200 m² room size per unit.
